

## Axle Tech Part

Axle Tech Parts - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for delivery, quality, service and technology. They believe in working within an atmosphere that encourages the utmost integrity with empowered teamwork, combined with a persistent pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological stewardship and safety in how they do business. The business has put different programs in place to be able to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any questions or comments, since they are glad to share and promote this policy with a greater understanding of their efforts. They are really dedicated to preserving and improving the natural world. AxleTech has an EHS program that not just protects the environment but which even actively protects their neighbors and employees also.

AxleTech specializes in the designing and manufacture of planetary axles used for both commercial and military applications, which could include anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider as well. AxleTech specifically designs axles so as to meet particular application demands. They have more than 1000 different axle specs in their existing offering. With over 100+ years of history and experience, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in numerous commercial and military applications. They provide complete axle assemblies for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have further details that could be found in the "ISAS" product collection.
